- Thank you for making a reservation using this form. If your request cannot be met as specified, or we have questions, we may contact you by telephone.
- Correct specification of camping equipment is important to assure proper site selection; otherwise, your camping equipment may not fit properly on the selected campsite.
- Our sites are typically wooded, and the ground is gravel. Grass sites are also available in open and partially shaded areas of the park. Site requests will be evaluated on a first-come-first-served basis.
- All sites include picnic table, fire ring, and 20 and 30 amp electric outlets, and water hookups. Sewer and 50 amp electric hookups are limited, and require an extra fee. However, use of our dump station is free, and we offer a honewagon service for a fee.
- Site rental requires at least one adult (age 18 or older). Each campsite is intended for only one family (including two adults and their unmarried dependent children) and one camping unit. The number of adults (and cars) on a campsite is intentionally limited to avoid overcrowding.
- All reservations require payment in full by check. Sorry, no Visa, MasterCard, or Discover payments accepted for mail-in registrations. Please use our Camping Fee Calculator to determine the full amount for your visit. Please note that all fees determined by the calculator will be carefully reviewed by our staff to verify that your submitted payment is correct. As a result, you may be contacted by telephone for additional information, to provide you with corrected fee information, or to issue a refund for overpayment.
- Once we process and verify your reservation request, we will send you a confirmation post card via US mail.
- No refund for no shows, early check out, or inclement weather as camping is an outdoor experience.
- Use of this form confirms that you have read and agree with the rates, rules, and cancellation policy identified on our web site.
